

"We were delighted to use our security expertise to play our part in the smooth running of Glasgow 2014. It was a pleasure and an honour to be involved in such a significant event in our home city."

Clare Deighan, Business Development Manager, DCL Security

Best Games Ever

That's how Glasgow's 2014 Commonwealth Games has been described and we are not surprised. The 20th Commonwealth Games included 71 Nations and Territories taking part over 11 days of competition, featuring 261 medal events across 17 sports and involving 15,000 volunteers as well as thousands of staff. Delivering an event of that scale takes an enormous amount of planning, support and detailed organisation and the Games organisers were focussed on delivering an event which ran smoothly and that included all aspects of security.

Playing to Win

We were delighted to have the opportunity to get involved in such a significant event in our home city. To deliver security at a number of Games camping venues we had to draw on our large scale event experience and in-depth security expertise to play our part in making sure all visitors to Glasgow 2014 had a winning experience.

Part of a Team

With Camping Ninja selecting DCL Security as their security provider we were delighted to add our expertise and knowledge of keeping visitors and their belongings safe and secure. Working as part of the Glasgow 2014 team was a winning experience for DCL Security and our teams!

"When we needed to add to our own team for an event as big as Glasgow 2014, turning to the DCL Security team was an easy choice. They are reliable, their standards are high and they deliver excellent security services, we look forward to working with DCL Security again in the future."

Nigel Addison-Evans, Operations Manager, Camping Ninja
